

This SPINE width is determined by the number of pages

BLEED:
If images or colours go to edge, they should go OVER edge by 5mm minimum so we can trim back. The TOP/BOTT can be 5mm, but the SIDES should be 10mm or more (allows spine adjustment when binding).

(Applies to both Front and Back covers)

BLEED

148.5mm

148.5mm

210mm

BACK

FRONT

210mm

The BACK & FRONT Covers have to slide OUT or IN depending on width of spine (and the TRIM MARKS have to slide as well)
